pacewall.de

This new slatwall has a minimalist image and a strong range of accessories. Opening only 4 mm, the aluminium profiles possess a subtle appearance and create an elegant ambience without losing load capacity. For the complete range have a look at the Spacewall® *slim* catalogue.

## SPACEWALL® Profiles *Flexibility in design and assembling*

With the variety of Spacewall® aluminium profiles designing, constructing and assembling even extravagant shop layouts is no more a challenge. With different profiles for every purpose, the Spacewall® slat walls fit perfectly next to each other, or to the wall.

Refer to our system catalogues for examples and the complete range of Spacewall® products.

## SPACEWALL® Accessories *Carrying your business*

The great variety of fittings and display articles guarantee the use of Spacewall® slat walls in all retail trade branches. For the various fields of application, Spacewall® offers a wide range of more than 400 fittings made of metal or acrylic material. Thus, your ideas and wishes for a sales-promoting and proper presentation are realized optimally.

Often copied but still unrivalled. Again and again there are attempts to imitate the slatwalls of Spacewall®. However, it is overlooked that not only our quality can hardly be met by means of a copy. In addition, it is simply not possible to imitate our experience and our broad range of exactly coordinated services. No matter if you call it slatwall, grooved slatwall, framework wall or slotted bar – only Spacewall® is Spacewall®.

Anything else is simply a rack.
